

GRIDS >>>

Grids for CR, DR, C-Arm, Decubitus, Mammography, and Standard Applications

Sharpen your X-ray image and reduce scattered radiation by using an X-ray grid from Rochester Cassette Sales and Service. We stock many sizes and configurations for a variety of applications.

High Performance Grids Improve Imaging Resolution and Provide Greater Detail

- Superior quality and construction of lead strips
- Lead strips are interspaced with smooth, enameled aluminum spacers
- Grid strips are sealed for protection from heat and moisture
- Carbon fiber covers available upon request

Availability

- Most stocked and readily available
- Grids available in a wide array of sizes, ratios, and focal distances
- Custom orders accepted
- All industries and applications supported

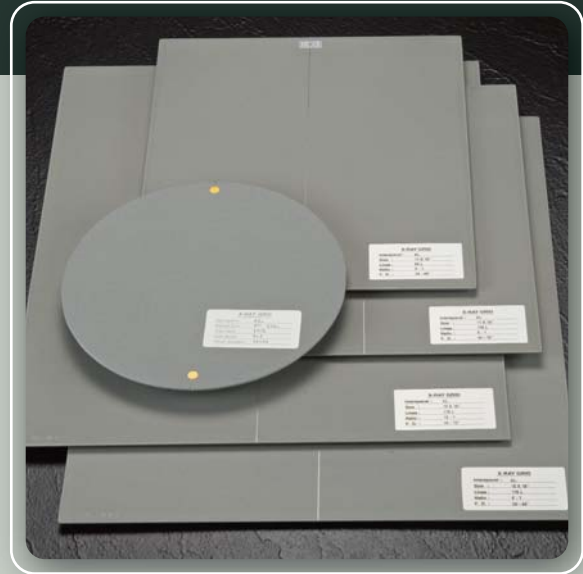

How to Order

In order to select the appropriate grid the following information is needed:

- Size
- Lines per inch
- Focal distance
- Ratio

If you need assistance in choosing the correct grid, Rochester Cassette can provide guidance.

PROTECT YOUR INVESTMENT AND HAVE YOUR GRID ENCASED TO ENSURE YEARS OF EXCELLENT IMAGE QUALITY

All grids are guaranteed to be free of manufacturer defects

ISO 9001:2000 CERTIFIED

No surprises – all work is guaranteed
